Council To Seek New Fire Chief

Following a three-hour secret executive session of the city council last night, Mayor Herbert Blanks announced that the city will seek a replacement for former Fire Chief Robert E. Smith who resigned on March 8.

Until a new chief is hired, James R. Belvail will be acting fire chief, the Mayor added.

Wilkin Twins Killed

According to an Associated Press report, John Sharpe Wilkin and Christopher Byrnie Wilkin, 22-year-old twin sons of Mrs. Angie Wilkin of Carmel Highlands and Wilbur Wilkin of Gonzales, were killed in an automobile accident early this morning near Truckee. Also killed in the accident was their cousin, David Roy Toms, 17, of Colfax. His brother, Richie Toms, 18, of Colfax is seriously injured. They are the sons of Mr. and Mrs. Roy Toms of Colfax.

The four young men were returning to Colfax from the Lake Tahoe area, where they had been applying for summer jobs. Apparently their car missed a curve, broke through a guard rail and smashed into a large tree, the impact ripping off the roof of the auto.

John Wilkin, an outstanding scholar and athlete, graduated from Carmel High School in 1961 and attended the U.S. Air Force Academy before transferring to Stanford University, where he was a senior at the time of his death. He was the first boy at Carmel High to be chosen All North Coast High School and All-American High School football player. His football jersey, Number 73, was retired and is on display in the trophy case at the high school.

Chris Wilkin, also a Carmel High School graduate, was a student at Sierra Junior College in Rocklin. In addition to his mother and father, he leaves a son, Christopher Paul Wilkin, two, of Carmel.

Mrs. Wilkin is a teacher with the Monterey school system. Mr. Wilkin, who formerly taught school in Monterey, is now an instructor with the Gonzales school district.

Funeral arrangements are to be announced.

Chief Belvail is now a volunteer member of the fire department with the status of "casual employee." On April 15, the Mayor stated, Mr. Belvail will become a probationary regular employee of the city with the title of assistant fire chief and receive a salary of \$574 a month.

The change in status of Chief Belvail is necessary because, under the laws governing state retirement, it would be impossible for the city to continue him in a casual status.

The above statements were contained in two reports which the Mayor read after the council reconvened as a public body in the council chambers.

A motion to accept the reports was opposed by Councilman Gunnar Norberg, who stated that he thought an executive session of the council with Mr. Smith in attendance should have been the first step taken by the council after Fire Commissioner Eben Whittlesey told the Mayor a group of volunteer members of the fire department were dissatisfied with Mr. Smith's operation of the department.

Instead of calling an executive session, the Mayor and Mr. Whittlesey met with officers of the fire department followed by a meeting with Mr. Smith. After the latter meeting, Mr. Smith submitted his resignation which was announced by the Mayor on March 9. This resignation was presented to the council, and accepted, on March 10 with Mr. Norberg dissenting.

Below is the statement which Mayor Blanks read after the executive session last night.

Tonight the City Council met in executive personnel session to consider the employment of a new Fire Chief and the appointment of an Acting Fire Chief to fill in during the interim period.

We agreed to confirm the appointment of James R. Belvail as Acting Fire Chief during this

(Continued on Page Eighteen)

Four Carmel High Teachers Named John Hay Fellows

John W. Farr, teacher of music; Raymond T. Gere, teacher of English; John C. Graham, counselor; and Peter M. Lyon, teacher of social science, all on the Carmel High School faculty, are among the 174 public high school teachers and 87 school administrators awarded John Hay summer fellowships in the humanities, Dr. Charles R. Keller, director of the John Hay Fellows program, announced today. They will attend institutes held from July 1 to July 31 at either Bennington College, Colorado College, the University of Oregon or Williams College.

Each of the Carmel teachers named a John Hays fellow will receive \$300 plus \$60 for each dependent up to four, travel expenses and tuition to attend the session at the college he chooses.

HATTON HOUSE BURNED YESTERDAY

All that remained of a once proud mansion at the entrance to Carmel Valley was the ruin pictured above until yesterday when the 18-room home built by William Hatton, pioneer California dairy rancher, and his wife, Kate, was bulldozed down and burned. The smaller picture shows the house shortly after its completion in 1894.

William Hatton, the builder of the house, left his home in County Wicklow, Ireland, at the age of 13 and went to sea as an apprentice on a merchant vessel. He led a seafaring life for seven years, also was in the U.S. Revenue service in Charleston, South Carolina, before coming to California in 1870. In this state, William Hatton began work as a dairy apprentice on the ranch of E. P. St. John of Salinas and eventually bought out his employer. Under Mr. Hatton's management this dairy ranch became one of the largest in California.

Mr. Hatton became superintendent of the Pacific Improvement Company's ranches in Monterey County in 1888 and about the same time bought the Gregg Ranch in Carmel Valley, one of the finest in the state. He also managed for Mrs. Dominga Goni de Atherton, mother of authoress Gertrude Atherton, the dairy ranch which she owned at the mouth of Carmel Valley and in 1890 bought this ranch and began to plan the house pictured above.

The ranch had all Holstein stock originally but William Hatton gradually replaced the herd with pure Durham cattle and won numerous prizes for the excellent stock he bred. He also built a laboratory on the ranch for research in increasing the butterfat content of his cows' milk which was rated among the best in the United States.

Through the years, Mr. Hatton became a well-known California figure and numbered among his personal friends such men as Huntington, Crocker and Senator Stanford.

His wife was Kate Harney of South Carolina who came West to marry him. They had nine children of which seven survived. Before building the house, now in ruins, the Hattons lived on what is now the Odello Ranch, also at what is now Los Laureles Lodge in Carmel Valley.

Unfortunately, Mr. Hatton died the year the house was completed. When he had a stroke in 1894, two doctors in separate special

Sunset Committee To Consider Final Report To Council

Tonight, members of the Sunset Committee will consider a final report on the necessary steps for the city to take to utilize Sunset School after July 1, also plans for the ultimate development of the property as a municipal cultural and community center as approved by the voters in April, 1964.

(Sunset School became city property on January 1 and the Carmel Unified School District paid a total of \$12,000 rent for the premises until the district abandons the school on July 1.)

Recommendations which the Sunset Committee will consider tonight at 8 p.m. in city hall are that the city council create, by ordinance, a Sunset Commission. This commission, it is recommended, should have the responsibility for and the authority to schedule and rent the various existing Sunset facilities, including the audi-

No. 100

How lovely now that Spring is here,
With apple blossoms blooming.
Which brings up thoughts of good
bock beer
For more mundane consuming.
The wildwood birds seek out their
nests
With song and trills enchanting.
While gardeners pursue the pests
Which eat the seeds they're planting.
The poppy and the buttercup
Evoke my lady's sonnet.
I don't know how to shut her up,
'Cept buy her Easter bonnet.
How friskily the lambskins play;
The calves all romp together.
And, if I also act this way,
Just blame it on the weather.
It's Spring, and April's 'round the
bend,
And sunny skies are glowing.
Next week the weather man may send
More rain, unless it's snowing.

SCHOOL DISTRICT GETS FEDERAL FUNDS

In a telegram to the Pine Cone yesterday, U.S. Congressman Burt L. Talcott announced that the U.S. Office of Education has certified immediate payment of P.L. 874 funds to Carmel Unified School District. The amount is \$42,442 of a \$56,590 tentative 1965 allotment.

Public Law 874 provides financial assistance to schools in federally affected areas thereby easing the tax burden on local property owners near federal installations such as Fort Ord, the U.S. Naval Postgraduate School and the Defense Language Institute.

'Operation Update' Lecture Series Starts Next Week

Mrs. Stuart N. Templeton, chairman of the 1965 edition of "Operation Update," announces that the "capsule college refresher course" for women of this area will be presented through the annual series of lectures by Monterey Peninsula College faculty members, co-sponsored with MPC by the Peninsula branch of the American Association of University Women.

The four free-of-charge lectures will be given in the library lecture hall on the college campus on successive Thursdays from 10 a.m. to noon beginning April 1 (except for April 15). Nursery service for pre-school children, as well as assistance in parking, will be provided.

The schedule includes John Gosling, conductor of the Monterey County Symphony and the MPC Community Chorus, on "Current Trends in Music," April 1; Dr. Eugene C. Haderlie, chairman of the MPC biological sciences department, on "Oceanography in the Mediterranean," April 8; Dr. N. Ray Gilmore, history instructor, on "Facts Which Won't Stay Put: Changing History in Our Changing Times," April 22; and Robert Nelson, chairman of the art department, on "Problems of Contemporary Artists," April 29.

Lane Sisters Second In Swimming Meet

Marilyn Lane of Carmel High School and her sister, Marsha, a junior high student, representing the Cypress Swim Club brought home silver medals for performance of their new synchronized swimming duet, "Dream of Conquest," at the Pacific AAU Junior Indoor Championships held last Saturday and Sunday at the Athens Athletic Club in Oakland.

The duet performed publicly for the first time and placed second in a very closely contested race which saw the gold medals awarded to the national championship team, the San Francisco Merionettes.

The two girls will compete again at the Senior Association Championships on April 4 in San Francisco.

COMMUNITY CHORUS CONCERT SUNDAY

The Monterey Peninsula College Community Chorus, comprised of over 80 singers from all Peninsula areas, will present a program of religious music—from Renaissance to contemporary—on Sunday at 4 p.m. in the MPC Music Hall.

Conducted by John Gosling, the group will sing works by Palestrina, Tallis, Morley, Purcell, Brahms, Thompson and Vaughan Williams. Harriet Bird, soprano, will be the soloist in "From Mighty Kings," from the Handel cantata, "Judas Maccabaeus."

The public is invited to attend without charge.

Seated above is Harry A. Bell, president of Carmel Rancho, Inc., owner of Carmel Rancho Shopping Center, as he signs a lease for Safeway's new supermarket to be constructed this fall on the west side of Carmel Rancho Boulevard in the shopping center.

Standing, left to right, are Henry L. Hicks, exclusive leasing agent for Carmel Rancho; William Landtborn, real estate representative for Safeway; and Harold Baker, real estate manager of Safeway's San Francisco division.

School Board, MPC Candidates Meeting

The Carmel unit of the League of Women Voters of the Monterey Peninsula will hold a candidates meeting on April 6 at 7:30 p.m. in the library of the Carmel Junior High School.

Invitations to speak have been issued to all candidates for the Carmel school board, the county board of education, and the Monterey Peninsula College board. After each group of speeches, there will be a question and answer period.

Coffee will be served following the meeting.

Helen Caine

Mrs. Helen McCleary Caine, the wife of W. A. Caine and a resident of Carmel since 1963, died in a local hospital Saturday night following a period of illness. She was 63 and a native of New Philadelphia, Ohio.

In addition to her husband, Mrs. Caine leaves two daughters, Miss Mary H. Caine of Tucson, Arizona, and Mrs. Felicity Soder of Livonia, Michigan; a brother, Colonel O. S. McCleary (USA ret.); and four grandchildren.

Private services for Mrs. Caine were held today in Wadsworth, Ohio, followed by burial in Woodlawn Cemetery of that city. The Paul Mortuary was in charge of local arrangements.

Small and large printing orders are quickly filled at The Pine Cone Press. Dial Carmel 624-3881.

Community Hospital To Elect Trustees

Five trustees will be elected following the annual membership meeting of Community Hospital on Wednesday at 3 p.m. in the conference room of the hospital.

Trustee Cortlandt T. Hill, chairman of the nominating committee, says the three-year terms of Shreve M. Archer, Mrs. F. G. Crickshank, Mrs. John M. Marble, Dr. A. Carol McKenney and Mrs. Samuel F. B. Morse are expiring.

Because by-laws provide that trustees who have served two full consecutive terms cannot be re-elected for a third, Mrs. Marble and Mr. Archer will be leaving the board. Other members of the nominating committee are Mrs. Allen Griffin and Mark Thomas.

Bach Festival Tickets On Sale

Tickets for the Carmel Bach Festival's 28th season (July 16-25) are now on sale. Season reservations, also single performance tickets, will be handled by mail upon receipt of orders addressed to Carmel Bach Festival, Box 503, Carmel, with check and self-addressed stamped envelope enclosed.

Features of this year's festival include the staged performance of Monteverdi's opera "Orfeo," Bach's "Passion according to St. Matthew," Handel's pastorate "Acis and Galatea," and the "Christmas Oratorio" by Heinrich Scheutz.

This season will be the 10th anniversary of Sandor Salgo as music director and conductor of Carmel's community event. Again Kenneth Ahrens and Priscilla Salgo will be choral assistants.

MEETING ON AREA PLAN
The Carmel Planning Commission will hold a special meeting on Wednesday evening at 7:30 p.m. to further consider the Monterey Peninsula Area Plan and its relation to the Carmel General Plan.

Mrs. Jennison Heaton, right, shows Mark Raggett the bronze flower container which she has donated for the American Federation of Arts Serendipity Sale which will be held on May 2 at the Carmel Valley Country Club. They were photographed at the kickoff party which Mrs. Richard Osborne, chairman of the sale, gave at her Pebble Beach home. In the background, Mr. Osborne is seen talking to Mrs. August Armanasco. Leonard Heller, AFA president, can be glimpsed behind them.

All articles donated for the sale will be picked up and stored if donors will telephone AFA headquarters (624-2918). Proceeds will go toward establishment of a permanent art museum on the Peninsula.

Letter To Editor

March 23, 1965

Dear Editor:

It is time to stop the nonsense discussion of the "worth" of the Carmel city-owned property.

My own lots were worth four hundred dollars each when acquired and are said to be worth eight thousand dollars each now. Why haven't I sold, picked up the profit, and moved out of town to where the lots are cheaper? Aside from the fact that I love my home and it has no price, my initial investment is low.

The city is in the same position. We have a ridiculously small capital investment and can stay where we are. Hold real estate deals and the building program at an absolute minimum.

Self-respecting artists, musicians, retired school teachers, retired service people, business people, and many other general home owners are both tax conscious and concerned with the esthetic qualities of our town.

A small forest could be planted around the edges of the Junipero property to hide Bill Askew's department. It would be slightly and practically sound proof.

Put the City Hall in part of the Sunset buildings.

Rebuild the police department on the present property. House it in part of Sunset while the building is going on.

Leave the Forest Theater and any other park areas as park areas. Consider making the present City Hall property into an additional park area.

Disperse the city buildings around town. We don't need or want a big city complex. Let's not erect a monument to our present

Birthday Week For Camp Fire Girls

March 20 through 27 is Birthday Week for Camp Fire Girls across the nation and marks their 55th anniversary. This organization was founded in 1910 by Dr. Luther Halsey Gulick who wished an all around program for girls stressing "developing girls to be womanly" and feeling a joy and pride in serving home as well as community.

This program serves girls from 7 through 17 in four program levels. Blue Birds are 2nd and 3rd grade, Camp Fire Girls are 4th, 5th and 6th grades, Junior Hi Camp Fire Girls are in 7th and 8th grades and Horizon Club serves 9th through 12th grades.

Any adults interested in working in this fine program may have further information by telephoning Mrs. George Faul, chairman of the Monterey Peninsula Camp Fire Girls (624-5257).

fuzzy thinking.

Very few people seem to really want to annex to the City of Carmel. This is fortunate, as we can readily see and control our present problems at the village level. Anything bigger is going to take the fun out of living here.

It's going to take some energy to stay small. Let's get with it, Carmelites!

Sincerely yours,
Wallace E. Doolittle

BRADLEYS TRIP CURTAILED

Like most busy physicians, Dr. Theodore Bradley's absence from his office must be carefully scheduled. This, and the fact that a travel agent made a "little" mistake in plane schedules, made it impossible for the doctor and his wife to complete their trip to Haiti to visit Dr. and Mrs. William L. Mellon at the Albert Schweitzer Hospital there. Dr. Mellon, a former classmate of Dr. Bradley, was instrumental in establishing the hospital which is the only source of medical care for a quarter of a million people. Dr. Mellon's wife is a laboratory technician, and the couple run the hospital named for their good friend.

The plane to their destination in Haiti had left the day before the Bradleys arrived in Nassau, another flight was not available within the time they could spare, and the "unfortunate" travelers were forced to laze around the island before returning to Carmel.

Dick Ogden's Vacation

Dick Ogden, the son of Mr. and Mrs. Murle Ogden, has just had a month's vacation after a year with the Peace Corps. During his holiday he saw another Carmel Peace Corps volunteer, Sam Farr.

Dick left Punto Fijo, Venezuela, where he had been working for a year and first spent two weeks in Eastern Venezuela. He made a trip down the Orinoco River in a dugout canoe and stopped at a small Indian village situated in dense jungle. He had only a hammock in which to sleep and two cans of sardines and a loaf of bread as provisions as he intended to remain only one night. However, there was an epidemic in the village. The hospital accommodations were filled. There was trouble with the generator. As a result of these conditions, Dick stayed in the village to help for three days and subsisted on the food he had brought with him.

Following this experience, he flew to Bogota, Colombia, to visit Dean Milesleagle, a Peace Corps volunteer who had been Dick's roommate when they both were counselors at Robert Louis Stevenson School. Together, Dick and Dean, spent five days visiting other volunteers in mountainous, rugged country through which they travelled by jeep, then flew to Medellin, Colombia, to see Sam.

Dean accompanied Sam on a two-day horseback trip into the interior but Dick flew back to Maracaibo, Venezuela, making landings where there were no airports, airstrips or towns—nothing but cactus. His account to his parents of this trip, they say, was most amusing.

Dick expects to spend another year in Punto Fijo which he describes as a windswept desert with primitive facilities. He and another volunteer had to practically build a YMCA from scratch in this location but now have an enrollment of 400 boys.

Dick tells his parents that one of his biggest problems is raising funds for his work, especially as he has to use only Spanish when addressing groups such as service clubs.

Join The Parade!

Children and adults, afoot, on horses, ponies or donkeys are invited to join in a parade on April 24 in Monterey to help the Monterey History and Art Association publicize the annual Adobe Tour on May 1. For additional information, please phone Mrs. L. J. Hudson, 624-1010.

Dave Elber Saves Day

Carmel's only entry to place in the contest sponsored by the Surfing Society of Monterey Peninsula on Saturday at Carmel beach was Dave Elber, who placed fifth in the junior men's events. Local surfs, however, felt their first meet was a success and hope to make a better showing in future contests.

Newlyweds At Home

Dr. and Mrs. G. Ridgley Parker are now at home in Carmel following their marriage in Reno on March 13. Mrs. Parker, the former Mrs. Doney Balmer Knight, came to Carmel from Vina del Mar, Chile, where she studied art for several years. Prior to that, she was a resident of Seattle.

The new Mrs. Parker has three daughters, Mrs. Charles Cary Gold Jr., Diana and Wendy Knight, all of Carmel. She is a member of the Professional Women Artists of Washington.

Dr. Parker, a resident of Carmel for 20 years, is the father of Gordon Ridgley Parker Jr. of Carmel.

Preview For Two Artists

Mr. and Mrs. August Armanasco will hold a reception and preview on Sunday at their home, L'Hermitage, of water colors by Caroline (Mrs. James) Tyson and sculpture by Fernando Fonssagrives, French photographer-turned-sculptor.

Mrs. Tyson, whose fields also include poetry, began her art studies in Carmel with Patricia Cunningham and has been a student of John Stacy and Victor d'Amico of the Museum of Modern Art in New York. The most recent exhibit of her work took place at Edward Hubbard's house in Beverly Hills, where she appeared for the opening just before coming to Carmel.

Mrs. Tyson has had two one-man shows, one at the Berlitz School gallery in New York and another, a poetry and painting show, with Leslie Frost, daughter of Robert Frost; she has also been represented in several group exhibits. A member of the Kearsage Group, under the direction of Victor d'Amico, her work will be included in a coming exhibit at the Museum of Modern Art in Manhattan.

Mr. and Mrs. Tyson, who have been living in Long Island for the past three years, are occupying their Carmel Point home for an indefinite stay. Their son, David, a student at Columbia University School of Business, arrived Tuesday to join them for a visit.

Mr. Fonssagrives, who describes his figures as "representational," worked for some time in Barcelona, Spain, before coming to New

York. He is now here to visit the Armanascos and other friends, and will be the second guest of honor at the Sunday event. Mr. Fonssagrives' daughter is Mia Fonssagrives, whose meteoric rise to fame as a designer of Kooky clothes has been widely publicized.

Viennese Shop 35 Years Old

On Monday it will be 35 years since the Viennese Shop opened its doors in Carmel. The first shop in the Seven Arts Court, it has been a delight to customers and browsers alike, and at one time was the scene of many impromptu intellectual battles between the town's quick-witted citizens. Perhaps this was because of the courtyard, but more likely it was due to the personalities of its owners, Mr. and Mrs. Jack Herron.

Like many long-time residents, Mrs. Herron is a bit wistful about the good old days in Carmel, and so no special celebration is planned for the anniversary.

Lyceum Seminar

Three local physicians, Dr. Russell Williams, Dr. William Wenner and Dr. Ben Dahle, will present a clinical conference at the Community Hospital on Tuesday evening for 20 ninth grade students from Peninsula schools selected to attend seminar sessions on medicine sponsored by the Lyceum of the Monterey Peninsula. This program, the last in a series of five, will demonstrate how an internist, a surgeon and a radiologist work together to determine diagnosis and treatment of specific cases.

Dr. Joyce Fielding is the coordinator of the seminar planned to provide an opportunity for students to relate scientific knowledge to the field of medicine, also to motivate them to read and think more deeply about medical sciences. Mrs. George Thorngate IV is chairman of the seminar program.

Party For College President

Mr. and Mrs. John Boit Morse introduced their houseguests, Dr. and Mrs. Richard Weigle, to a large group of friends at a cocktail party Tuesday evening in their Pebble Beach home, Macomber House. Dr. Weigle is president of St. John's College which has campuses in Annapolis, Maryland, and Santa Fe, New Mexico. The college has been given land across the highway from Point Lobos by the Marks family of Salinas with the provision that a third campus

Ross Burton Visits

Former Carmelite Ross Burton has been in town and looked up a few old friends, among them Judge Gordon Campbell. Ross had been traveling in Mexico to pick up interesting things for the curio store he now operates in Gloucester, Massachusetts, where he and his wife have been living for some time. He is the son of the late Mrs. Carl Cherry (Jeanne d'Orge) and the late Dr. Alfred Burton, who came to live in Carmel following his retirement from the position of Dean of Massachusetts Institute of Technology.

Carmel Foundation Programs

"South Africa" will be the subject of the Great Decisions program at the Carmel Foundation Town House on Sunday at 2 p.m.

On Wednesday at 3 p.m., the Carmel Boy Scouts will present a program under the leadership of Dr. Joseph Ward.

Both meetings are open to all interested persons, and tea will be served at the close of each program.

Busy Week For Perrys

Mr. and Mrs. Thomas K. Perry welcomed Spring in a thorough way during the week, what with their own activities and helping their daughter Pam (Mrs. James F. Davis) entertain her husband's parents and brothers, who arrived from Salem, Oregon, on Saturday. The visitors, Mr. and Mrs. Vern Davis and their sons Bruce, Dick and Stanley, returned home yesterday. Little Kristie Davis, Pam and Jim's daughter, did her bit to enthrall her visiting grandmother.

Unfortunately, the senior Davises didn't arrive in time to enjoy the Saint Patrick's Day cocktail party and buffet supper which the Perrys gave in their home last week. However, there were other activities planned for them, among which were a Sunday cruise on Monterey Bay in the Perry's boat and a feast at the Ginza restaurant.

Taking advantage of Saturday's sunshine, the Perrys invited Mr. and Mrs. Frank Putnam on the boat for a run from the Monterey Marina to Stillwater Cove, where they had luncheon before returning to Monterey.

Republican Women Meet

Members and guests of the Carmel Republican Women's Club are reminded that reservations for the luncheon next Wednesday at the Carmel Valley Golf and Country Club must be made no later than Saturday. For reservations, please call Mrs. Donald Koontz (659-2351), Mrs. William Chapman (375-9026). Transportation is also available by phoning Mrs. John Rennels (624-2201).

Guest speaker at the luncheon will be Mr. James W. Halley, vice-chairman of the Republican State Central Committee.

Honor For Marilyn Routen

Marilyn Routen is among the students who have been named to the dean's list at Hartnell College for the fall semester. Miss Routen, who makes her home in Carmel, is the daughter of Mr. and Mrs. E. V. Routen of Marina.

Frank DeAmaral Graduates

Captain Charles F. (Frank) DeAmaral has just graduated from helicopter pilot training at Fort Walters, Texas, and has reported for duty with the 2nd Armored Division's 502nd Aviation Battalion at Fort Hood, Texas.

Known to his contemporaries as "Frankie" until his young son pre-empted the name, Captain DeAmaral is the son of Mr. and Mrs. Frank C. DeAmaral of Carmel Valley. He graduated from Bellarmine College Preparatory School and New Mexico Military Institute, where he received his commission in 1955.

His wife, Patricia, lives in Killen, Texas, with their four children, Frank, Zane, Gwyn and "M-Liz." The whole family was in Carmel last at Christmas for a visit with his parents.

Publishes New Book

Carmel writer Mona (Mrs. Henry Meade) Williams has returned from a trip to Hollywood where she conferred with her literary agent on her newly completed novel.

Another earlier book of hers, whose release was scheduled to coincide with the MGM movie version yet to start being filmed, has been issued by the publishers.

"The Company Girls," a novel, is the first paper-back for the popular author, who reports certain qualms about her book rubbing shoulders on the newsstands with more sensational material, in spite of the fact that she is shaking her head in wonderment over the volume of the first month's sales.

Conservationists Gather

Mrs. Nathaniel (Margaret) Owings of Big Sur, a member of the California State Park Commission, will be among the distinguished conservationists to speak at the Ninth Biennial Wilderness Conference in San Francisco on April 2-3-4, which is sponsored by the Sierra Club. The conference is open to all who are concerned about one of our most important and rapidly vanishing scenic resources—wilderness.

At the close of the session there will be a field trip and dedication of the Dag Hammarskjold Memorial Grove to be held, by proxy, at Muir Woods. The grove is actually located near Pepperwood, where the winter floods wrought so much damage.

Professors Honored

U.S. Naval Postgraduate School professors Paul E. Cooper and William W. Hawes, both of Carmel Valley, were among five instructors who received 20 year Federal Service pins at the school on March 15.

Dr. Cooper, who joined the faculty in July, 1946, has been a professor of electronics since 1954. Dr. Hawes, a professor in the department of metallurgy and chemistry, joined the faculty in October, 1952.

Carmel Booster Here

Gordon Baker Lloyd, one-time horticultural consultant in this area, seldom misses a chance to mention its interesting sights and history on his Sunday radio shows on KCBS. He and his wife, Sassy, who work as a team in assisting home gardeners, brought their an-

nual tour to Carmel yesterday for a three-day inspection of gardens, historical sights and shops. The group will be quartered at the Coachman's Inn and will try the cuisine of selected restaurants here.

Bake Sale Sunday

The Catholic Daughters of Carmel Mission Basilica will hold a bake sale and serve breakfast in Junipero Serra School cafeteria in the Mission compound on Sunday from 8 a.m. until 12:45 p.m.

Two members of the cast of "Caesar and Cleopatra," now playing at the Golden Bough Circle Theatre are, left, Ron Martin as Pothinus, guardian of the boy-king Ptolemy, and right, Loel Schuler as Ftatateeta, nurse of Cleopatra. Both are involved in intrigues for the throne of Egypt and resent the presence of Julius Caesar in Alexandria. George Bernard Shaw's play will be performed each Friday, Saturday and Sunday at 8:30 p.m. through April 18.

Zara Nelsova Triumphs

Zara Nelsova swept onto the stage of Sunset Auditorium last Friday night and conquered her audience before she played a single note. An extraordinarily handsome and graceful woman, she diffused a charm and warmth which established an immediate rapport with her listeners. From the first vibrant notes of the Boccherini Sonata it was apparent that here was a master of the cello; flawless phrasing and an impeccable technique characterized the entire program.

Miss Nelsova's consummate artistry was equalled and complemented by the playing of Brooks Smith—it would be wrong to refer to him as an "accompanist" since his superb collaboration was an integral part of each composition presented. This was eminently so, of course, in the Beethoven Sonata in A Major Opus 69 for Cello and Piano, which was the major work of the evening.

At this point, a criticism must be reported, coming from knowledgeable musicians who do not happen to be string players; they would have wished for a program with more musical meat and substance. Aside from the Beethoven, this was scarcely forthcoming. The closing number was the famous set of variations on a roccoco theme by Tchaikovsky, a tour de force of sheer virtuosity which had the cellists and other fiddlers on the edge of their chairs, but can scarcely be described as deathless music! Miss Nelsova can, and does do, the "Big Things" in the

repertoire, and we can look forward with happy expectations to some future time when she will serve them up to a Carmel audience, it goes without saying, magnificently!

The artist responded to enthusiastic applause with two encores, the Elfentanz of Popper, and a transcription of a Chopin Nocturne, sending us all away pleased, grateful, and not a little dazzled. H.M.M.N.

HARLAN WARE TO SPEAK AT RELIGIOUS SCIENCE CHURCH

Harlan Ware, author and lecturer, will stand in for Dr. Carleton Whitehead of the Church of Religious Science who is away on a speaking engagement in Oregon.

Harlan Ware's recently published book, "The Inner Light," was written in collaboration with Dr. William H. D. Hornaday and is "an informal portrait of a philosopher." Mr. Ware will speak on Sunday at 11 a.m. on the subject, "The Great Discovery." The public is welcome to attend.

LITTLE LEAGUE TRYOUTS

The Carmel Little League will hold its next tryout at the Carmel High School baseball field on Saturday at 1 p.m., Ernie Fischbein, Little League president, announces.

Carmel Realtors Announce Policy Of Equal Service

The Carmel Board of Realtors, whose membership includes realtors of Carmel, Carmel Valley, Pebble Beach and Carmel Highlands, on March 18 adopted a policy providing equal opportunity for all persons in the acquisition of housing. In addition, the board subscribed to a code of practices to implement the policy to which they subscribed. The resolution adopted by the board states,

"The Carmel Board of Realtors subscribes to the policy that a favorable public attitude for equal opportunity in the acquisition of housing can best be accomplished through leadership, example, education, and the mutual cooperation of the real estate industry and the public."

The code of practices of the Carmel Board of Realtors in this regard contains the following statement.

1. It is the responsibility of a realtor to offer equal service to all clients without regard to race, color, religion, or national origin in the sale, purchase, exchange, rental, or lease of real property.

a. A realtor should stand ready to show property to any member of any racial, creedal, or ethnic group.

b. A realtor has a legal and ethical responsibility to receive all offers and to communicate them to the property owner. The realtor being but an agent, the right of decision must be with the property owner.

c. A realtor should exert his best efforts to conclude the transaction.

2. Realtors, individually and collectively, in performing their agency functions have no right or responsibility to determine the racial, creedal, or ethnic composition of any neighborhood or any part thereof.

a. A realtor shall not advise property owners to incorporate in

a listing of property an exclusion of sale to any such group.

b. A realtor may take a listing which insists upon such exclusion, but only if it is lawfully done at the property owner's insistence without any influence whatsoever by the agent.

3. Any attempt by a realtor to solicit or procure the sale or other disposition in residential areas by conduct intended to implant fears in property owners based upon the actual or anticipated introduction of a minority group into an area shall subject the realtor to disciplinary action. Any technique that induces panic selling is a violation of ethics and must be strongly condemned.

4. Each realtor should feel completely free to enter into a broker-client relationship with persons of any race, creed, or ethnic group.

a. Any conduct inhibiting said

CONCERT TOMORROW BY OCCIDENTAL ENSEMBLE

A wind ensemble from Occidental College will give a public program tomorrow in Carmel. The performance by the 50-piece group will be at 8:00 p.m. in Sunset School auditorium. Under the direction of Dr. Felix McKernan, the ensemble will give a varied program including many of the finest contemporary compositions for concert band.

This only local appearance of the Occidental Wind Ensemble is being sponsored by the Carmel High School Band. Admission is \$1.00 for adults and 75 cents for students.

relationship is a specific violation of Article XIII of the rules and regulations of this board, and shall subject the violating realtor to disciplinary action."

SYLVIA BROADBENT

Pictured above is an interesting, erudite Carmelite who pursues her diversified career in South America. Since June, Dr. Sylvia Broadbent has been in Bogota, Colombia, where she is a Spanish-speaking professor of anthropology at the University of the Andes. A portion of her time is devoted to teaching, a part to translating old Spanish documents she found in the University's archives, and the remainder to directing a new excavation at an important site which may be the old Indian Bogota. Work on the latter project is being sponsored by the University of the Andes.

She previously spent a year in Colombia under a Doherty Foundation fellowship among the Chibcha Indians. Her "dig" near the Carmel Mission in the summer of 1961, which aroused no end of curiosity, was the outgrowth of her Colombian experience and concerned the archeology of the Chibcha region and a comparison between the Miwok and Wintu linguistic families.

A graduate of Carmel High School, Dr. Broadbent earned her B.S. degree with a dual major in pre-medicine and anthropology at the University of California, where she later received a Ph.D. for graduate work specializing in Andean culture, history, linguistics and primitive medicine. She compiled a Grammar of Central Sierra Miwok, after living and working with the dwindling tribe of Indians in Mariposa County. With another scholar, she is the author of Comparative Miwok, a linguistic study, and a Central Miwok Dictionary. In addition to her research, Dr. Broadbent has been an instructor in anthropology at the University of California, Northwestern University and Barnard College, Columbia University.

The talented young scientist was last in Carmel at Christmas, when she came home to visit her mother, Mrs. Frank Solomon.

Clare Cone

Mrs. Clare Cone, wife of the late James S. Cone and a resident of Carmel from 1922 to the late 1930s, died in San Francisco on February 28.

Mrs. Cone was the sister of Mrs. Harry P. Algar of Carmel. She also leaves a daughter, Mrs. Francis J. (Dorothy) Moore of Honolulu; two nephews, James Algar of North Hollywood and Philip Algar of San Francisco; and grandchildren.

Family services for Mrs. Cone were held March 4 at the Alta Mesa Cemetery in Palo Alto.

pital in San Francisco until she married Mr. Laiolo on January 30, 1944.

Two years after her marriage, Mrs. Laiolo came to live in Carmel where her husband opened an electrical business.

Mrs. Laiolo was active in the elementary school Parent-Teacher Association, the Carmel Junior High School Parents Club, the Carmel chapter of the American Red Cross, the Carmel Well Baby Clinic, the Carmel Republican Women's Club, the Carmel Little League and Prep League and the Twenty-Four Club.

In addition to her husband, she is survived by three sons, Tony, Chris and Linder, all of whom were born in Carmel; also her mother, Mrs. Harvey A. Wilson of Kingsburg; a sister, Mrs. Leon P. Kelley of Long Beach; a brother, James Wilson of Bakersfield; and two brothers-in-law and two sisters-in-law, Mr. and Mrs. Carlo Lastreto and Mr. and Mrs. Rene Canonica, all of San Francisco.

Private funeral services, with Dr. George Hunter Hall of the Carmel Presbyterian Church officiating, were held on Tuesday in the Little Chapel-by-the-Sea. Cremation followed. Paul Mortuary was in charge of arrangements.

Those wishing to honor the memory of Mrs. Laiolo may do so in the form of donations to the Cobalt Fund of the Community Hospital of the Monterey Peninsula, Box HH, Carmel.

Frances Laiolo

Mrs. Frances Laiolo, the wife of Bernard F. Laiolo, died on March 27 in a local hospital following a short illness. Mrs. Laiolo had lived in Carmel since 1946 and took an active part in the life of this community. She will be remembered for her thoughtful interest in the needs of others.

Mrs. Laiolo was born in Los Angeles on May 31, 1912. She grew up in Corcoran, Tulare County, where her father, the late Harvey A. Wilson, was a rancher. She was educated in the Corcoran school system and after completing high school attended Fresno Business College. Following graduation from this school, Mrs. Laiolo was secretary to the superintendent of schools for the City of Fresno until 1939 when she moved to San Francisco. She was a medical secretary at Letterman Hos-

WHAT'S DOING?

Leonardo da Vinci is most noted for his painting, the *Mona Lisa*. But did you know that he was also an architect and engineer? In fact, he even designed an airplane and a submarine.

Another man of many talents was Alexander Graham Bell. For instance, he invented a system of air conditioning and a method of changing salt water to fresh. He even proposed an early version of today's iron lung. But like da Vinci, Bell is most noted for one thing—the invention of the telephone 89 years ago this month. Sure, a lot of changes have been made in telephones since 1876—and you'll see many more in the years ahead. But there'll always be the same good reason for every telephone change: to make your phone service even better than it was before.

Children say some pretty cute things. Here's one I think you'll enjoy as much as I did. A 2½-year-old girl wanted to talk long distance with her grandma. So she took her mother by the hand, led her to the phone, put her fingers on the dial and said, "You wind it, and I'll talk." I guess we're never too young to know how much fun it is to keep in touch by long distance.

Speaking of long distance, here's what to do if you should ever dial a wrong number out of town. Just ask the person you reach for the name of his city. Then let the operator know right away. She'll make sure you're not charged for the call.

Filed your income tax return yet? If not and you have any questions, the Internal Revenue Service advises that you can get the answer by phone. The nearest IRS office to Carmel is located at 100 W. Alisal, in Salinas. They can be reached by dialing 1-424-8092. For your convenience, they also have a man at the USO building in Monterey each Monday from 9:00 to 5:00. Call on them, they will be glad to help.

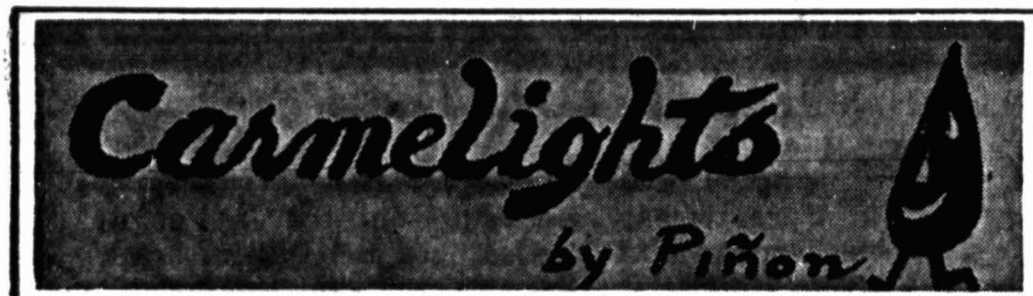

Pacific Telephone

David D. Muir

David D. Muir,
Your Telephone Manager in Carmel

Mrs. Katherine P. Gorringer, a Carmelite who is in her nineties, feels so strongly about what has been happening in Selma that she not only sent a telegram to President Johnson but also took part in the Monterey protest rally on March 14.

Mrs. Gorringer was not able to walk the full length of the march which began at the Customs House Plaza but she started out with the rest of the marchers then was driven by her daughter, Kay Short of Big Sur, to Colton Hall for the conclusion of the protest.

"I wish I were younger," she lamented.

Bless you, Mrs. Gorringer!

And it seems she has a kindred spirit in England. A London motorist was recently fined for dangerous driving. In addition to the fine, reports National Automobile Club, his license was suspended for ten years. The driver didn't raise too many objections to the fine but he thought the ten year suspension rather harsh. At 81 he felt he wasn't getting any younger.

I don't know any harder job than trying to please a 14-year-old daughter but one mother has made it—interior decoration-wise, at any rate. I don't know who she is but I'd like to congratulate her. Walking on Ocean the other day I heard her daughter say to a friend, "That's one thing my mother's all right about. Our furniture looks decent."

The first day of Spring found Beachmaster Louis Conlan on the job. For the first time in a long time he surveyed Reamer's Beach on Carmel Point to see that everyone was behaving and was hailed with the respect his position merits. Mr. Conlan achieved his exalted state a couple of years ago when Senator Fred Farr rewarded his unofficial and unpaid guardianship of this part of the beach in a Senate resolution—gold seal and everything. His honor the beachmaster, by telegram, appointed a deputy a while back when he was in the hospital. This deputy, Frank Lloyd, was relieved of his far from onerous duties on Saturday.

GIRL SCOUTS GO TO JAIL—and like it!

In their quest for more knowledge about the history of their

own peninsula, Troop 2158 did the red line tourist tour recently. The building they found most interesting was the jail.

A Sade's by any other name will just never be a Sade's to me, I'm afraid, even with its fancy new moniker of El Matador. After all, there are El Matador's all over the country but there never was but one Sade's. Oh well, progress! It's never been the same, anyway, since the short-lived existence of the Del Monte Summer Theatre when the visiting "stars" used to take over. Remember that hot dice game they kept going under the staircase?

Those of you who hang out with whooping cranes will be interested to learn that you can now tell whether your friends are male or female. Up to now you never knew until one of them dropped a couple of eggs—after which you were reasonably certain. But the Bureau of Sport Fisheries and Wildlife does not have time to wait around. What they want to do is increase the population of the whooping crane right now. So they developed this new way to distinguish between the sexes and are hard at work improving the breed. They haven't told us how to distinguish but if you have one you're not sure about, I imagine they'll help you.

However, sometimes it's better not to probe too deep into these matters. Leave well enough alone, sleeping dogs lie, etc. Take Georgette, for instance. I mean, George. As long as she was Georgette she was waited on hand and foot by the bureau workers at Audubon Park Zoo in New Orleans. They fed her amphibia, saientia, ramidae and squamata serpentes and even Turkish khavvar once in awhile. Then they found out Georgette was George and—so long Buster. Go fight the other boys for your dinner! Now some days George is lucky if he gets a sandworm!

Recently, Lydia Criley invited a group of women to a coffee klatch to meet Ralph Atkinson. Mr. Atkinson wants to be on the MPC board and he was there to tell the girls why they should vote for him. "I'm not used to talking about myself," he began. "Good," commented a listener, "He's not a politician."

Maggie Hanson has a complaint against the Alka Seltzer people. How come they make that first tablet out of styrofoam? The darn thing won't fizz!

ATTEND CONFERENCE

Carmel Police Sergeants Robert Fischer and Delbert Wermuth were in Bakersfield last Wednesday and Thursday to attend the 16th Annual Training Conference of the California State Juvenile Officers' Association.

Letter To Editor

March 16, 1965

Editor, Carmel Pine Cone

I would like to take this opportunity to thank the Pine Cone for the excellent support to the recent M.P.C. bond election.

Harry Fletcher's story just prior to the election contributed materially towards public understanding of the important issues involved.

It was particularly gratifying to me to see the faith that our community has in the future of their young people.

Cordially,
GEORGE J. FAUL
President
Monterey Peninsula College

March 17, 1965

Editor, Carmel Pine Cone

On noticing the date today, I thought the better the day the better the deed! I would like, therefore, to compliment you and the city fathers for continuing the good work of, keeping this most charming little town in the path conceived by its early founders. Also in this connection may I pay a compliment to the late Perry Newberry whose platform for Mayor must surely be unique for such a job. But whether unique or not, what you have today must have been born at that time.

May I also compliment Daisy Bostick on her little booklet on Carmel, "today and yesterday." I found this booklet pretty accurate and most charmingly written.

I have been here four days and find Carmel the loveliest little place that I have ever been in anywhere. I hope it will always remain this way.

Faithfully yours,
James M. Greaves

Arthur C. Smith

Funeral services for Arthur C. Smith, 63, were held Monday afternoon in the Bethlehem Lutheran Church of Monterey, with the Reverend Walter Grumm officiating. Mr. Smith died at his home last Thursday after a brief period of illness.

Following duty with the U.S. Marine Corps, Mr. Smith was associated for many years with the Pan American Oil Company, later absorbed by the Richfield Oil Corporation. He was subsequently engaged in the real estate and investment field in Los Angeles and for 11 years in the Carmel Valley area.

Survivors are his wife, Norene Elizabeth Smith of Carmel; two sons, Paul and Donald Smith of Carmel; a brother, Theodore Stulich of Lancaster; and a sister, Mrs. Elda O'Neill of Los Angeles.

Following church services, burial took place in El Carmelo Cemetery in Pacific Grove. The Paul Mortuary was in charge of arrangements.

Those wishing to honor the memory of Mr. Smith may do so through donations to the Monterey County Heart Association, Box 132, Monterey, or the Medical Mission Fund in care of the Bethlehem Lutheran Church, 800 Cass Street, Monterey.

Brownie Pamela Perkins from Troop 2080 and Junior Scout Elizabeth Mullnix from Troop 2035 are being given pointers above from Karen Gregg, Troop 2158, on the Girl Scout Cookie Sale which will continue until April 3. Anyone not contacted by a Girl Scout but who would like to purchase cookies may call Mrs. Joseph McEldowney (624-8085), cookie sale chairman for Carmel, Carmel Valley, and Pebble Beach.

Through recent action taken by the board of directors of the Monterey Bay Girl Scout Council, it is hoped that the net proceeds of this year's cookie sale can be used for the purchase of a much needed multi-purpose campsite, thus serving the long term needs of both girls and adults within the tri-county area.

By ELIZABETH FULLER JONES

BIG SUR LODGE

Big Sur Lodge, situated at the entrance to Pfeiffer-Big Sur State Park, is presently undergoing a complete refurbishing program. A re-arrangement of the gift shop, lobby and store is taking place within the massive redwood structure bordered on one side by the entrance to the park and the parking area, and on the other by the Big Sur River. Under the direction of building foreman, Joe Happiness of Los Angeles, a gift bar is being constructed adjoining the general store area and the lobby and lounge are being enlarged, ceilings, walls and floors are now being painted and/or resurfaced. Upon completion of this part of the program, new carpets, draperies, lighting fixtures and furnishings will be installed. The extraordinary "spring house cleaning" extends beyond the confines of the main lodge building — it includes also the 51 rooms and cottages, under Lodge management, which also will be redecorated and refurnished.

Big Sur Lodge operates as a concession within the state park and will open May 1 for its 29th consecutive summer season. Up until last year, the lodge was operated for 28 years by W. H. Raymond of Pacific Grove. At the close of last season, Mr. Raymond indicated his desire to retire from this business venture which extends over a five-month period each year. Last week, the Division of Beaches and Parks of the State of California awarded a new contract to operate the concession, to Donald W. Tosh and Dean L. Gowdy of Southern California, two men who have had broad experience in food and lodging management within California State Parks. For the past 15 years Mr. Tosh has successfully maintained the concession at Huntington Beach State Park in Orange County. For the past year, Mr. Gowdy has operated the food facilities concession at Hearst San Simeon State Historical Monument. Tosh and Gowdy will continue to operate these business enterprises in addition to Big Sur Lodge. The partners have selected as manager at Big Sur, Herbert Hoffman of Long Beach. Mr. Hoffman, together with his brother, operate several restaurants in Long Beach under the name of Hoffhut's. Recently they opened another restaurant in Colorado Springs. Mr. and Mrs. Hoffman will be in residence at Big Sur Lodge during the coming season.

Included also in the ambitious refurbishing and building program outlined by concessionaires Tosh and Gowdy, is the construction of six new cottages to meet the ever-growing demand for lodging of this type in one of California's most popular State Parks. Scheduled, too, within the broad plan, is construction and maintenance of a grocery store and an automatic self service laundry to serve the needs of campers occupying the 218 campsites of the Park. The new cottages, store and laundry are expected to be completed by mid-June.

The present enlargement and refurbishing program at Big Sur

Lodge marks the third significant milestone in the 28-year history of the establishment.

The original facility at the park was built in 1937, the year that marked the gift and dedication to the State of Pfeiffer-Big Sur State Park. A year, too, that marked the official opening of famous Highway One, the \$10,000,000 road that took 18 years to construct.

In the late 1940's, the lodge was destroyed by fire. A rebuilding program was begun on the old site, and the handsome, redwood structure, as it is known today, was opened again in 1950.

Hubert S. Upjohn

Family funeral services for Hubert Standard Upjohn, husband of the late Estelle Upjohn, were held late Saturday afternoon at the Little Chapel-by-the-Sea, Pacific Grove. Mr. Upjohn's death occurred in a local hospital earlier the same day after a brief illness.

A prominent California educator and ardent book collector, Mr. Upjohn was born in Kalamazoo, Michigan in 1881. After graduating from Kalamazoo College and the University of Chicago, he taught school in Michigan and Idaho before coming to California. At one time principal of South Pasadena High School, he became assistant superintendent and later superintendent of the Los Angeles County schools.

Following a two-year retirement, during which he traveled in this country and Europe, Mr. Upjohn assumed the superintendency of the Long Beach school district.

He retired finally in 1936 and, with his wife, spent several years traveling and collecting books before coming to make his home

here in 1943. He was at one time a member of the book selection board of the Harrison Memorial Library.

Mr. Upjohn is survived by a daughter, Mrs. Paul (Janet) McKelvey, and a son, Richard D. Upjohn, both of Carmel; two brothers, Carol U. Upjohn of Ramona and Dr. Lawrence N. Upjohn of Kalamazoo; five grandchildren and four great-grandchildren.

The Reverend David Hill of All Saints' Episcopal Church officiated at the services on Saturday. The Paul Mortuary was in charge of arrangements.

Friends wishing to make contributions in the memory of Mr. Upjohn may do so to the Carmel Foundation, Box 3434, Carmel.

ENTRY DEADLINE FOR CONCOURS d'ELEGANCE

Entries for the 15th Annual Pebble Beach Concours d'Elegance, to be held at Del Monte Lodge on April 17, will close April first.

A large number of cars—vintage, classic and modern—both American and European, have already been entered in the popular event, from as far away as Portland, Seattle, Phoenix, and Reno, as well as from all parts of California.

Entries may be mailed to Pebble Beach Concours d'Elegance, Pebble Beach, California.

Entire proceeds from the event benefit the Community Hospital Auxiliary.

SCIENCE FAIR THIS WEEKEND

Over 400 exhibits prepared by 1,200 students in Monterey, San Benito and Santa Cruz counties will be shown at the Tri-County Science Fair at the Monterey County Fairgrounds this weekend.

Tom Pollino, coordinator of math and science for the Monterey County Office of Education, is director of the event which will be open to the public on Saturday from 9 a.m. until 9 p.m. and on Sunday from 10 a.m. until 3 p.m. Awards will be presented at the

close of the fair on Sunday. The winner and runner-up, plus their teachers, will be given an expenses-paid trip to the National Science Fair in St. Louis in May.

BAND CONCERT AT MPC

The Monterey Peninsula College Concert Band, conducted by Henry Smith of the MPC music department, will present a concert tomorrow at 8:15 p.m. in the music hall on campus.

The public is invited to attend without charge.

MORE HELPFUL HINTS FROM PG&E

Students...here's how lighting can lighten your homework.

It's a lot easier to get good grades when you read and write in good light. These lighting tips from PG&E can help:

Use lamps that spread light.

1. Use two lamps (with at least 150w. bulbs) to light your desk. That eliminates shadows. If this isn't practical, use a single lamp which casts its light not only down, but upward, too.

Have a regular, well-lit place to study.

2. Your own bedroom is probably best. It's easy to light and it's quiet.

3. Use a level-topped desk or table, and place it against a wall—never facing outside into glare or darkness.

Keep a general light on in the room.

4. To avoid sharp contrasts of dark and light, keep a ceiling light, wall fixture or 3-way floorlamp lighted in addition to your study lighting.

Some helpful study tips.

5. Tilt books about 30° toward your eyes. A flat book makes reading difficult.

6. Never read or work in your own shadow.

7. When you have a comfortable, well-lit place to study, use it.

Free lighting booklet.

For information about household lighting of all kinds, get a copy of PG&E's booklet, "See your home in a new light." It's free at any PG&E office.

Biggest household bargain.

Providing dependable gas and electric service at low rates is our most important job. Today, the same amount of PG&E gas and electricity costs less than it did 30 years ago. Which makes PG&E service a bigger bargain than ever.

FROM A LIBRARIAN'S NOTEBOOK

By Ruth Galvin Thornburg
This week's new books are an odd potpourri of thises and thatses, but interesting. Two of them relate to the West. One is called **THE THOUSAND MILE SUMMER** and is an account of a walking trip down the eastern edge of California by Colin Fletcher, a man who was born in Wales, educated in England, and now lives in San Francisco. He writes very well, and his book is illustrated with a series of photographs which are interesting. It is no small thing to walk a thousand miles and live to write about it!

A HISTORY OF OPERA IN THE AMERICAN WEST is by Ronald Davis. His idea of the American West seems to include Chicago and all points up and down the Mississippi river as well as Colorado and California, an idea some of us may not share. But this small book seems quite complete and it has a very nice index. Many photographs are here, including some interesting ones of the Central City Opera House, and one of the ruins of the old Tivoli Opera House in San Francisco.

For parents and teachers we have a book by a teacher, John C. Holt, which is entitled **HOW CHILDREN FAIL**. Written almost entirely from memos which he jotted down after the incidents happened in his classes, the book has a clear factual impact which puts across what Mr. Holt is trying to say. The introduction was written by Allan Fromme. This is a book to be read by those who would run with children.

A study of how Russia changes its rulers is entitled **POLITICAL SUCCESSION IN THE U.S.S.R.** It was written by Myron Rush, who is a professor of government at Cornell University. He goes into the matter of Khrushchev's demotion and successor at some length, a subject of interest to us all.

An elegant book about an elegant automobile is **THE ROLLS-ROYCE MOTOR CAR** by Anthony Bird. Did you know that during the first World War, these cars were armoured and used for military purposes? Neither did we! Such a car was used by Lawrence of Arabia in his adventurous oasis-hopping career. For over half a century these cars have been known as the best cars in the world. This book tells why.

Halycon days on a houseboat, the retirement life of the gods! Erle Stanley Gardner lives on the Sacramento River in a houseboat and has written about the life in **THE WORLD OF WATER, EXPLORING THE SACRAMENTO DELTA**. Reading this book will start you saving for a houseboat and may you get it soon! All ashore that's going ashore!

TENNIS IN BERMUDA
When a section of the American fleet stopped at Bermuda this month, Captain Robert Hayler, USN, took part in an Anglo-American tennis match at the Coral Beach and Tennis Club in the British resort colony. Captain Hayler, squadron commander of Destroyer Squadron 32, is the son of Vice Admiral Robert W. Hayler (USN ret.) of Carmel.

Carmel co-chairmen for the 1965 Cancer Crusade Donald Wald (left) and Stephen A. Grant (center), pause in their discussion of April crusade plans with the California State Crusade chairman, Dennis Morgan.
Dennis Morgan, movie, stage, and television star, provided a rare treat for guests at the American Cancer Society's annual kickoff luncheon recently at the Mark Thomas Inn. Accompanied by Angela Machado of the MPC music department, he sang popular songs and Irish ballads.
Morgan is the California State chairman for this year's cancer crusade, and spoke to over 150 volunteers and officers of A.C.S. from all over Monterey county.

STATE OF CALIFORNIA
HIGHWAY TRANSPORTATION
AGENCY
DEPARTMENT OF PUBLIC
WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 5101, Public Works Building, Sacramento, California, until 2 o'clock p.m. on April 14, 1965, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Monterey County, between San Luis Obispo County Line and 4.8 miles south of Lucia (05-Mon-1-0.0/18.9), reinforced concrete crib retaining walls to be constructed at 4 locations.

Bids are required for the entire work described herein.

Plans, specifications, and proposal forms to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, and at the office of the District Engineer of the district in which the work is situated.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Standard Specifications and special provisions. Each bidder must

LEGAL ADVERTISEMENT

be licensed as required by law. The Department of Public Works reserves the right to reject any or all bids.

Abbreviations used in the schedule of predetermined wage rates in conjunction with employer payments listed in the right hand columns are identified as follows:

ph per hour
phw per hour worked
php per hour paid
phw/p per hour worked or paid
psth per straight time hour
psthw per straight time hour worked
psthwp per straight time hour worked or paid
pd per day
pdw per day worked
pdp per day paid
pdw/p per day worked or paid
w wage
gw gross wage
tw total wage
pmd per man day

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays—not less than one and one-half (1½) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7-1.01G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Pursuant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done to be as follows:

School District To Buy Two New Buses

Carmel Valley parents who attended the meeting of the Carmel Unified School district board of education meeting last night at Tulareitos school heard discussion which ranged from the need to purchase two new school buses through description of educational programs at River and Tulareitos schools to a commendation from the University of California on the academic excellence of three Carmel High School graduates.

The graduates who brought scholastic renown to their former school during their first college semester were Natasha Doner, Alison Miller and Walter Prowell. The two girls attend the University of California in Berkeley. Walter is student at the UC Davis campus.

Superintendent Medill Bair was authorized to advertise for bids for two 61-passenger diesel powered conventional type buses. The purchase of these vehicles will be accomplished without increasing the amount of money allocated in the budget for bus payments. This is possible because payments on two buses now in use were completed this year and money already budgeted is now available for the new vehicles.

The board decided to request National Defense Education Act funds for elementary school foreign language, mathematics, science and reading instructional programs, total \$14,900; also remodeling of science rooms at Tulareitos and Carmel Junior High, \$32,000; and for the English and social science educational programs at the high school, \$8,000. If approved by the NDEA office, the school district will be reimbursed by the federal government for 50 percent of the above expenditures.

Accepted "with profound regret" was the resignation of Richard E. O'Connell, principal of River School. Mrs. Judith Larschan was employed as an English teacher (one period a day) at the high school as a partial replacement for Mrs. Mariquita Brey who is ill. Dee Hadley will be the new custodian of River School.

Dan Yurkovich, principal of the junior high, told the board cost of repairing or replacing, if necessary, a gym door damaged during last weekend's rugby tournament will be assumed by the sponsor of the event, the Monterey Junior Chamber of Commerce, which also paid for post-tournament cleaning up of the grounds.

Chairman Dr. Robert E. Newton announced that Assistant Superintendent Wayne Greenfield has been elected head of the local branch of the Phi Delta Kappa educational fraternity.

The board will hold a special meeting on April 21 to receive and study reports submitted by the citizens advisory committee on the educational program in the district it was decided last night.

BABE RUTH LEAGUE REGISTRATION-AND TRY-OUTS

Directors of the Babe Ruth League announce that all boys from the age of 13-15 who wish to participate in the try-outs next week MUST obtain registration cards prior to the try-outs. In Carmel these may be obtained at the office of Morgan and McEwen Realtors, Ocean and Dolores. The cards must be completed and signed by a parent or guardian and be brought, together with proof of birth (parents, please note), to the El Estero baseball diamond in Monterey at the time of registration.

Registration and try-outs will be held April 3 at 11:30 a.m. and April 4 at 2 p.m. Boys participating must attend both dates in order to be eligible for the drafts.

NEED PRINTING?

Small and large printing orders are quickly filled at The Pine Cone Press. Dial Carmel 624-3881.

—Photo courtesy Jeradine Lamb

The Sun, Everett Makowski, and The Moon, Catherine Bengtson, hold a conference in a scene from the skit "Through History With A Hop, Skip, and A Jump," in the Big Sur Potluck Revue. Under the direction of Gene Perrine and Bob Skiles, the revue will be presented in the Big Sur Grange Hall tonight, tomorrow, Saturday and Sunday at 8:30 p.m.

Juan Serrano Master Of Guitar Artistry

BY TED PARROTT

One of the greatest guitarists we will ever hear gave a concert last Saturday night at Sunset School auditorium. A young man named Juan Serrano, a native of Cordoba in Spain, came to visit with us and presented to us for a while the gift of his genius.

It is hard to describe in mere words the brilliance of this artist's playing. Many adjectives spring to mind—precise, technically perfect—but these and many others seem inadequate.

The response of the capacity audience was measure of the greatness which we were privileged to have brought to us.

As to the man himself, young Serrano is what we like to believe all great artists should be, unassuming, though quietly confident, and with a warm feeling for all mankind, very happy to give of himself and his gift whenever the opportunity arises.

I was lucky enough to be backstage for most of the concert. We conversed for a while before he made his appearance. I asked him about the manner in which he would like to be presented and his reply was, "Unless it is the custom here, I do not feel that the people paid their money to hear me praised at great length. I think they would rather hear me play and I know I would rather play for them."

His first offering set the mood for the whole concert, that of real joy and acceptance by the people. We were quick to show their appreciation by long, drawn-out and tumultuous applause after each piece.

The three encores which Juan received at the end were evidence of the esteem which his listeners felt for him. All who heard him

that night will remember this great occasion and I'm sure will join me in welcoming this master on his return visit.

TO STUDY EOA TONIGHT

The third meeting of the ad hoc committee to investigate the Economic Opportunities Act, will be held tonight at 8:00 p.m. in the community room of the Monterey Public Library.

Invitations have been sent to elected officials, leaders of labor, news media, churches and school officials on the Monterey Peninsula asking their attendance and participation. The public is also invited.

Planners Request Rigid Controls For Oil Refinery

Carmel Planning Commissioners decided yesterday afternoon to ask both the county planning commission and the board of supervisors to adhere to the most rigid controls in county laws governing air and water pollution when considering the application of the Humble Oil Company to establish an oil refinery at Moss Landing.

Sitting as a board of adjustments, commissioners denied the appeal of Mrs. Hildreth Hare who sought to be allowed to complete a 30-square foot closet addition to a non-conforming dwelling. Building Inspector Richard Thomas stopped construction of the closet because no building permit had been obtained, or could be issued, by him. Commissioners supported Mr. Thomas' action in upholding the city's zoning law.

Other action taken by commissioners yesterday was to grant a new use permit to the Union Oil Company for a new service station on the company's present premises at San Carlos and Sixth; extend until June 23, 1965 approval of Dudley Nix's plans for a structure on Mission Street; approve plans for a new apartment building on Mission presented by Charles Ollin; allow Helen Carter to construct a marquee on Monte Verde, also Ross Sharp to have a new awning on Sixth for International Market.

Signs approved were those requested by Mrs. Scottie E. Clark for El Matador (formerly Sade's) and by Al Moraz and Patric Crichton for a new restaurant on Mission below Ocean.

Glenn Leidig was appointed by Chairman Dorothy von Meier to represent Carmel planners at a meeting of the area planning commission tonight.

Real Estate

SANCTUARY FOR 2—A perfect hideaway in a grove of oak trees. 1 bedroom home, beautifully designed and built by Carmel's top builder. Redwood inside and out with heavy shake roof and detached garage. 4 blocks from town, 2 from the beach, on a double size lot. \$32,950.

WE HAVE ONE of those rarities—a house with a guest cottage on a 60' lot south of Ocean Avenue AND close to the beach. \$37,500.

CHEERY and BRIGHT, Neat as a pin, 2 bedroom house in Carmel's sunniest area. Large living room with fireplace. \$24,500. Exclusive.

BRAND NEW—3 bedroom, 3 bath home, large living room, large dining room, wall-to-wall carpeting, built-in kitchen. One bedroom and bath with separate outside entrance, AND a 2-car garage. ALL THIS close-in Carmel—near beach and with some ocean view. FULL PRICE \$44,500.

HATTON FIELDS — OCEAN VIEW — In the finest area of Hatton Fields, we now have a three (or four) bedroom home, on about 1/2 acre, with a most attractive yard, and fine view of Pt. Lobos and the ocean. For this property, in this area, the price of \$69,500 is low. May we suggest you call and see this now?

MAGNIFICENT OCEAN VIEW

We have just listed an almost new, 3-bedroom, 2-bath home that has one of the finest views in all of Carmel. It was custom-built by one of our best contractors. What's more, for reasons of health, the owner REALLY wants to sell it and has priced it at only \$37,500.

RANCHO MAR MONTE VIEW HOME. On 1-1/3 acre this very interesting split-level modern has walls of glass exposing the view from the living room, electric kitchen and 2 bedrooms. There are 2 baths, a den, laundry, and double carport with storage. If you like contemporary design, you'll love this. \$49,500. Exclusive.

OWNER WANTS THIS HOME SOLD NOW! It's a charming, immaculate home with all of the modern conveniences. 2 bedrooms, 1 1/2 baths, entry, separate dining room opening onto deck with outdoor fireplace, laundry room, and a STUDIO attached to the garage (good north light). And there is a beautiful ocean view! See this today!

MISSION FIELDS SPECIAL. A dandy 3 bedroom, 2 bath home with shake roof, G.E. kitchen, large fenced rear yard. Carpeted over hardwood floors. We have a key. \$26,500.

NEVER BEFORE ON THE MARKET. It's not cheap but try to replace it for the price. On better than 4 lots and just a stone's throw from the beach, this lovely 3 bedroom, 3 bath home plus very attractive guest house is one home you can move right into without doing anything. Fully carpeted, the refrigerator-freezer and drapes are included, the double garage has electric door opener, there is a large brick terrace and a beautiful ocean view. \$91,000.

Real Estate

JUST LISTED THESE FINE HOMES:

NEATEST, SWEETEST little two bedroom house in Carmel for the price of \$26,000. In a pleasant, settled neighborhood near the busline.

AND RIGHT ON THE BUS LINE, charming little house of stucco and brick, plastered interior, shake roof, for only \$28,500.

UPPER PEBBLE BEACH, with 180 degree view of Pt. Lobos and Carmel Bay, a 3 bedroom home decorated in beautiful taste throughout for \$52,500.

TWO OF THE MOST FASCINATING, most tastefully decorated, most conveniently planned homes we've seen in over 20 years in real estate: One is in Carmel Highlands, with a magnificent view, for \$65,000. The other, with an equally magnificent view of Monterey harbor and the full sweep of Monterey Bay is located high on a hill and is priced at \$69,500. The skill exhibited in these homes, from architecture to last decorating detail, is unexcelled. **FOR A VERY DISCRIMINATING BUYER** who would like to have an acre of total privacy in Carmel, and would appreciate a canyon setting and a home with a subdued oriental flavor which is "crafted," not just "built," and who can afford \$85,000, there isn't a duplicate anywhere of this new listing.

ON CARMEL'S SCENIC DRIVE, adorable little house with a walled garden and a separate guest house, the incomparable view unobstructed by the Drive because of the elevation of the house. Price \$59,500.

IN FAMILY HOMES, we can continue to deal in superlatives: this treasure is located within three blocks of junior and senior high school and elementary school, near shopping center, in Pacific Grove's best family area. Built around an atrium, there is a formal living room, family living room, separate children's activity room, dining room, fabulous kitchen with pantry and separate office, utility room; master suite completely separated from upper level children's quarters. Price \$52,500. You'll have to see it to believe it.

RENTALS: A Carmel shop with a fireplace in a charming court for only \$200 a month. Five bedroom home, unfurnished, close in, one of our picturesque storybook homes. A lovely 3 bedroom apartment and one with two bedrooms, close to downtown Carmel, unfurnished. Call Fran Mauer about these. Or ask Helen Ireland about a cute furnished cottage, 1 bedroom, for \$100, or a delightful "ranchette" in Carmel Valley (2 bedroom house) for \$160.

Once Proud Hatton House Now A Ruin

(Continued from Page One)
chartered trains came from San Francisco to treat him, but in vain, and he died on October 22 at the age of 45 years. His funeral procession was the largest ever seen in Monterey and all businesses were closed during the services conducted by Monterey Lodge No. 217, F.&A.M.

The Southern Pacific Railway ran a special train to Monterey for persons who came from Salinas, Watsonville and other cities to attend the funeral.

Mrs. Hatton continued to operate the 4,000-acre ranch with its 400-head herd after her husband's death, first, with the aid of her brother, John Harney, and later her sons.

"Men of California," a section in Davis' encyclopedia from which some of the above history of William Hatton was taken, says of his wife, Kate, and her home.

"The hospitality of the beautiful Hatton home, overlooking the valley and the sea, is proverbial. Mrs. Hatton entertains with true Southern tact and delightful manner."

The children who shared the big white house with their mother were Anna, Harriet, Sarah, Edward, William, Frank and Howard Hatton. They are now all dead but two grandchildren, Mrs. Leonard Williams, the daughter of Anna Hatton, and Mrs. Willard Branson, the daughter of Howard Hatton, live in Carmel Valley. (The young man in the straw hat in the picture taken in 1894 is Will Hatton, William and Kate's son.)

In 1922 Kate Hatton died. Her daughter, Harriet, lived in the house and kept it as it was in her mother's lifetime until she died in 1945.

In the mid-1920s, the Hatton ranch was converted from dairy to grazing use by Ed Hatton, one of Kate and William's sons.

All through the years, the now straggling cypresses were a neatly trimmed hedge which sheltered the hospitable house and the well-groomed gardens and lawns surrounding it.

In 1963, the Hatton house was sold by members of the family to subdivider Wright Fisher. In the summer of that year, the original Victorian furnishings of the house were distributed among the Hatton descendants and the great front double doors which gave entry to the rich life of a bygone era were closed.

Since then, vandals destroyed the inside of the house, broke windows and fences. All that remained was a ruin of what was one of the finest Victorian homes in Monterey County.

Vandalized also was a small house standing beside the large one. This dwelling was one of the first wooden houses built in Carmel Valley by Henry H. Haight, Governor of California (1867-71). It was originally situated across Carmel River. William Hatton bought the dwelling and floated it across the river for use as a guest house. For some years it was the home of Kate Hatton's sisters when they moved here from the South. Later Mr. and Mrs. Howard Hatton restored this house for their first home. It was still, until recently, an occupied dwelling.

The Monterey newspaper which reported the closing of the dairy on the Hatton Ranch in the 1920s prophesied as follows:

"The Canada de la Segunda (ranch) has given way before the encroachment of civilization . . . some day the dairy lands may be part of a residential district."

They now are. And in the midst of Carmel Knolls were the ruined remains of the Hatton house. The

knoll on which it stood, in plans shown two years ago to the county planning commission, was designated for motel, restaurant, professional office and multiple dwelling use.

Soon, perhaps, the ghost of the post Civil War agricultural era of California, the Hatton house, will be just a memory. This article was written so that this memory may be of something other than a monument to vandalism. — M.L.

Council To Seek New Fire Chief

(Continued from Page One)
period. He will further be appointed in a probationary status as Assistant Fire Chief, effective April 15, 1965.

All of us are deeply grateful to Mr. Belvail for his willingness to serve our City. In accepting this appointment he will undoubtedly sacrifice much time that could, for him, be more profitably devoted to his personal business.

The City Clerk has been authorized to advertise for a new Fire Chief in Western City magazine, as well as the publications of several of the fire organizations of the Western states and further to seek applicants through the California Fire Chiefs Association, League of California Cities, and other channels. In due time, a new Fire Chief will be employed by this City. In the meantime, all of us can rest assured that our excellent fire protection will continue in the fine tradition of our Carmel Volunteer Fire Department.

Two volunteer firemen, Alec Gibson and Dennis Narvaez, waited to hear the Mayor.

Body Of Mrs. Fleig Still Not Found

The Monterey County Sheriff's patrol is continuing periodic searches from the shoreline for the body of Mrs. Betty Fleig of Carmel, believed drowned on March 11 after being swept to sea from a rock on which she had been fishing.

The accident occurred at a point off the old coast highway about a mile south of Malpas Creek.

Mrs. Fleig is survived by her husband, Graham Fleig, and a daughter, Joan Stock of Los Gatos. The family lived in this area for over ten years.

Sunset Committee To Consider Final Report To Council

(Continued from Page One)
torium, at rates determined by the commission.

Another function of the commission should be to assume the responsibility for and authority to prepare a budget each year for the operation and maintenance of the existing Sunset facilities, the report continues.

Lastly, the report states that the commission should have the responsibility for and authority, within the limits of an approved budget, to explore plans for the ultimate development of the Sunset property, including a non-profit organization for the development and management of new facilities.

The length of time that the Sunset Commission should be in existence is set as five years in a proposed ordinance for the creation of a Sunset Commission. This commission would be made up of seven members, at least four of whom shall be electors of Carmel, the ordinance also states.

The Sunset Committee, composed of a group of representative citizens appointed by Mayor Herbert Blanks to make recommendations to the city council on the use of Sunset School after July 1, has been working on this matter for a year, first under the chairmanship of Frank Putnam, more recently under Chairman Peter Dyer.

Subcommittees explored possible uses and condition of the school buildings and grounds and financing of the Sunset project. On September 15, the Sunset Committee gave an interim progress report to the council. Tonight the

committee will consider and act upon a final report and its submission to the council.

The finance subcommittee, headed by Dr. James E. Gilman, in December, prepared a report showing that the city can maintain the Sunset facility, as is, and meet operating expenses if a parking facility is developed on the north playfield.

The subcommittee suggested three types of parking use for the area and recommended that the street department do the required work for the facility to accommodate 120 automobiles.

Ground Broken For Wells Fargo Bank

Mayor Herbert Blanks wielded a golden shovel yesterday afternoon to break the ground at the site of the new Carmel branch of Wells Fargo Bank on San Carlos Street south of Ocean Avenue.

Bank officials including Roland Tavernetti, vice president and manager of Wells Fargo's Salinas District, and Thomas L. Craig, manager of the present Carmel branch of the bank on Dolores Street, also took turns with the shovel.

Olof Dahlstrand, Carmel architect, showed his plans for the building, which will combine extensive use of glass with concrete walls and columns, to Howard Quinan, James B. Pruitt and Edward Neroda, who represented

Comstock Associates Inc., contractors for the bank construction.

A. W. Clark, owner with Lewis Fenton of the land on which the bank will be built, donned a golden helmet to sit at the controls of the bulldozer brought to the site for the ground breaking ceremonies.

The main room of the bank will have 18 teller stations. A safe deposit department will contain a conference room, coupon booths and stand-up counters. Lunch, supply and mechanical equipment rooms will be housed on the second floor. Extensive landscaping is planned for the bank site and parking lot. Two walk-up windows will be located under a covered walkway facing the parking area and plans include provision for six more such windows when needed.
